

ELGA LABWATER PURELAB® SYSTEMS

ELGA HAS BEEN A TRUSTED NAME IN WATER PURIFICATION FOR 80 YEARS

ELGA has been pioneering innovative technologies and award-winning product design for 80 years. Our systems provide water quality ideal for research, laboratory, clinical, and any other high purity requirements. ELGA's range of pure and ultrapure water purification systems offer either a few liters or up to thousands of liters of water per day. ELGA is the trusted manufacturer of PURELAB®, CENTRA®, and MEDICA® and is part of the world's leading water services company Veolia.
